### Twenty-nine Indictments Returned by Ter- ritorial Grand Jury—Opening of U. S. District Court.

The territorial grand jury, which was impaneled on Monday, December 13, and has since been industriously at work, reported to Judge Laughlin on Friday evening that it had found 29 indictments and had not yet completed the task assigned to it.

Warrants for the apprehension of the several persons against whom true bills had been found were immediately issued and placed in the hands of Sheriff Kin-sell and Deputy Sheriff Huber. It so happened that every cell in the county jail was occupied on New Year's morning.

Appended is a list of the persons indicted and already in custody or under bond to respond for trial in the District court when called for:

Camilo Berardinelli, murder in the first degree; Ignacio Garcia, murder; Joseph Blonger, murder; Max Knott, larceny of cattle; Camilo Martinez, larceny of cattle; Venecio Gallegos, larceny of cattle; Gregorio Quintana, larceny; Felix Crespin, rape; Luis Gonzales, assault and battery and attempt to kill; Francisco Romero, assault and battery; Ramon Garcia, assault; Eduardo Baca, assault; Henry Pohlman, assault; Ricardo Alarid, assault; Benito Alarid, assault; Manuel Alarid, assault; Nasario Alarid, assault; Pete J. Smith, abandonment of wife and family; Santiago Urban, larceny of cattle; Marcel Urrioste, assault.

All but the three last named were arraigned before Judge Laughlin on New Year's morning and all pleaded not guilty except Camilo Martinez, an ex-convict, who pleaded guilty to the stealing of cattle. Smith, Urban and Urrioste were arraigned this morning and pleaded not guilty.

Francisco Romero, Ramon Garcia, Eduardo Baca, Henry Pohlman, Ricardo Alarid, Benito Alarid, Manuel Alarid, Nasario Alarid, Joseph Blonger, P. J. Smith and Marcel Urrioste have since been released on bonds to appear for trial when wanted.

The case of the Territory vs. Antonio A. Herrera, assault with words, appeared from a justice of the peace, was tried before a jury on Saturday, and the defendant was found guilty and fined \$5 and costs.

In the matter of Pedro Delgado vs. A. P. P. Coe, an action for debt, the jury found for the defendant this forenoon. This action was brought to recover \$120, which the plaintiff loaned to the late wife of the defendant when she was sick at the hospital in this city, but the jury held that Coe did not owe the money.

National Guards and Citizens Gave the Governor a Royal Welcome on Friday Night.

On Friday night the staff and field officers of the National Guard in this city and company B, 1st regiment of infantry, headed by the regimental band, and followed by a very large number of citizens, met Governor Otero at the depot on his return from Washington City, and escorted him to his home. The reception was as enthusiastic as the one given him upon his arrival to take his office last June, and the number who met him was almost as great.

Governor Otero was accompanied by Mrs. Otero and little son.

## Remove the Garbage.

The city council at the regular meeting tonight ought to take prompt action regarding the carting away of garbage. Since the city team died the streets have been in a disgraceful condition because of the filth that has been allowed to accumulate along the curb in front of the business houses. The removal of this stuff is an important matter, since the health of the city is imperiled by the neglect of the past week.

## NO FAITH CURE

ABOUT STUART'S DYSPEPSIA TABLETS.

## They Cure Stomach Troubles and Indigestion Anyway, Whether You Have Faith in Them or Not.

All physicians agree that the element of faith has a great deal to do in the cure of disease.

Firm belief and confidence in a family physician or the same confidence and faith in a patent medicine have produced remarkable cures in all ages.

This is especially true in nervous troubles and no field offers so prolific a harvest for the quack and charlatan, as the diseases arising from a weak or run down nervous system.

Nevertheless, the most common of all diseases, indigestion and stomach troubles, which in turn cause nervous diseases, heart troubles, consumption and loss of flesh, requires something besides faith to cure.

More faith will not digest your food for you, will not give you an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 98 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, from plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by druggists at 50 cents for full sized package.

Little book on cause and cure of stomach troubles mailed free by addressing Stuart Co., Marshall Mich.

## FIRST ANNUAL SMOKER.

Members of National Guard Spent the Last Night of 1897 in a Pleasant Manner at Post Hall.

The first annual smoker of the local companies of the New Mexico National Guard took place at the post hall last Friday night, and proved an unqualified success. Major King and Captain Matthews acted as hosts and allowed no one present to forget that the Old Year was dying, the New Year coming, and that pleasure was the order of the night.

At 9 o'clock Governor Otero and his staff arrived and the evening's entertainment began with a short and timely address by the governor to the troops. This was followed by a theatrical performance by a home talent company in Spanish, which pleased the company immensely. And then—well, the lunch that was spread on the tables in the center of the hall disappeared like mist before a midsummer's sun.

Shortly before midnight the soldier boys formed in line and proceeded to the plaza, halting in front of the old palace, and at the stroke of the hour fired three volleys as a greeting to 1898.

One of the pleasant features of the evening was the frequent rendition of popular music by the regimental band under the leadership of Professor Perez. The smoker was pronounced a success by all who were so fortunate to be present, and when the hour for "breaking ranks" came, there was a general regret that New Year's did not come oftener.

## New Mexico Pension.

On December 27, 1898, a pension at the rate of \$8 per month, dating from June 23, 1894, was allowed to Nerio Salas, of this city.

## New Year's Calls.

Although the custom of making New Year's calls is going out to some extent in many sections of the country, still there was more or less calling in Santa Fe on Saturday last.

Governor and Mrs. Otero were kept busy all afternoon and evening on New Year's day entertaining their many callers. The national guard officers paid their respects in full uniform, and many officials and leading citizens of Santa Fe called on the governor and Mrs. Otero and were very cordially and pleasantly entertained.

Mrs. A. L. Morrison, Mrs. A. L. Morrison, Jr., and Miss Morrison received many callers during the day, as also did Mrs. J. D. Hughes and several other ladies.

The freight and passenger business transacted at the Santa Fe station of the Denver & Rio Grande railroad during 1897 shows the surprising increase of \$30,000 over the business transacted at the same station during 1896.

The city administration neglects the sidewalks of the city. These are in a disgraceful condition. Why the city authorities cannot remedy this state of affairs is one of the things the average citizen of Santa Fe would like to know.

Much complaint is heard as to the dirty condition of the court house. The windows and corridors should be cleaned and the closets should be looked after. The janitor should sleep in the building. The county commissioners ought to look after these matters, as they are a matter of public concern.
